## 2010 Chairman's Message

2010 proved to be another tough year for the economy. While many other financial institutions held back their operations by canceling products and not lending, Power Financial Credit Union kept "business as usual". Our strong financial position enabled us to continue offering a wide variety of robust mortgage products and our Cash Back Checking product which continues to offer a market leading APY. As I mentioned in my message last year, your Credit Union continues to be a fortress of strength in a turbulent financial services industry.

In spite of the economic and industry turmoil, we continued to deliver exceptional products and services to our membership in 2010 including:

- **Health Savings Account (HSA)** - In light of the upcoming healthcare changes, your Credit Union offers an excellent savings product for members enrolled in a high deductible health plan (HDHP). And, unlike our competitors, we take deposits in our branches!

- **Student Loans** - We also continue to offer Student Loans and seminars to assist our members on ways to save for college and how to apply for college financial aid.

- **Facebook** - We launched our Facebook page and ran a contest which donated money to the Susan G. Komen Breast Cancer Charity. Watch our Facebook page for other exciting contests and promotions.

- **Online Banking** - Look for exciting enhancements to SecureLink Online Banking in 2011 including a streamlined account summary page and a rewards program for our members who use a Power Financial Credit Union VISA Debit Card and SecureLink Online Banking!

Power Financial Credit Union believes we need to be involved in the communities we serve. The Credit Union staff participated in over 50 volunteer events including the Broward Food Pantry, Valentines Day cards for patients at Joe DiMaggio Children's Hospital and Stockings for the Troops just to name a few. In addition, we held our 2nd Annual Halloween Family Fun day and had over 500 people from our communities come and enjoy a free morning of attractions and activities!

We don't know what 2011 has in store for the economy, but our prudent business model continues to keep our organization strong in spite of the past three years of national economic decline. On behalf of the Board of Directors and staff of Power Financial Credit Union, I want to thank you for your membership and continued support of this fine organization.

**Leman Murray**
